Name of Plane: “Spirit of Chem 122-1972”

Construction: 1 page of my student notebook from  
Dr. Carl Popp’s General Chemistry II class (Fall 1972)

Notes: *At long last I found a good use for my General  
Chemistry II notes! Not to worry, I taped the page back  
into my notebook after the flight. Dr. Popp, thanks for  
your patience with me in 1971-1972!*
